TRAYS | ENCLOSURES | CUBICLES | KINEWALL

Rediscover the pleasure of showering.

The bathroom has changed... it is not just an area of functionality, but a room of pleasure and relaxation.

We want to be stylish and original, modern and attractive. None more so than with our bathroom, a place for calm reflection or vibrant invigoration. Designing your bathroom to be specific for your needs and choosing your shower can be tricky, where will it go, what type of door, what type of tray... the list goes on. But whatever space you have and whatever your taste, Kinedo has the answer.

The Kinedo collection of shower trays offers a range of surfaces, colours, sizes and cuttable options for every scenario. From our luxury granite look linear tray through to our moonstone textured tray there is an option designed for you. Our range of enclosures offers pivot, sliding, bi-fold or saloon doors as well as a wide range of walk-in options in a variety of sizes and a choice of different colour profiles. Kinedo self-contained cubicles offers clever assembly of high-quality materials, to create an all-in-one shower cubicle that requires no silicone or tiles and grout meaning they can be easily installed in less than a day. Kinewall offers a fantastic alternative to tiles, with over 70 designs to choose from these lightweight, waterproof wall panels are easy to cut and install and make transforming a bathroom easier than you may think.

Our Kinedo products are designed, manufactured and tested in our production facilities in France and Italy. This means we control the complete process to maintain the highest standards of quality and service. All of our products come with a comprehensive 10-year warranty.

Global credentials. Local service.

Kinedo is proud to be part of the SFA Group, an international group established in 1958, which designs, tests and manufactures its products across the world. Kinedo are known throughout Europe as one of the largest manufacturers of bathroom products. It means that our customers benefit from:

- **Impressive technological and service know-how**
- **A global presence with 28 subsidiaries over 6 continents and exporting to many more countries**
- **More than sixty years of making and distributing world-class bathroom products**
- **Passionate private ownership**

So you know that quality and local service are always close to our heart.

Did you know...?

Our manufacturing plants produce over **100,000** shower trays and nearly **200,000** shower enclosures and cubicles every year. **And it's growing all the time.**

Our **four Kinedo sites** cover over **53,000m²** of production space and as well as our own research and development facilities, we have in-house test laboratories where we carry out over **50 different quality tests** on our products.

Aqua production in Chaumes-en-Retz – 30,00m² across 2 sites

Setma production in La Ciotat – 16,000m² across 3 sites

We also ensure that all our glass panels and doors meet the **European standard EN12150** for **toughened safety glass** and we supply our products flat-packed for ease of manoeuvrability.

Kinedo products have a **10 year warranty**, **2 years as standard and 8 years on parts**. For full details please see the Kinedo website: kinedo.co.uk

The art of style. The science of quality.

Our innovation philosophy is straightforward. Shower product that looks great, lasts for ages, saves time on installation and requires low or zero maintenance.

Investing millions each year in R&D, we bring together experienced Kinedo engineers with innovative designers from all over the world – injecting fresh ideas into both design and production. And with over 50 different quality tests on every product, you have the ultimate reassurance of quality.

The perfect fit. The right size and style, to suit your build and budget.

Whatever your project, Kinedo will help you discover the perfect solution – with a huge array of products to suit all styles and spaces. But more than that, we enjoy working with you, hearing your ideas so we can find new, bespoke ways to help your bathroom stand apart.

Kinedo shower solutions offer:

- National availability of products, stocked items fulfilled from our UK warehouse
- A comprehensive range of showering products for all market levels
- On-site product and installation training for projects
- Our own dedicated in-house technical team to answer questions and give advice
- Local ASM support and account management
- Peace of mind for readily available replacement parts and spares
- Value-for-money pricing

UK service and technical expertise

Our entire customer service team is based in the UK. This means you receive knowledgeable Support from local experts who understand your needs and concerns.

Exceptional After-Sales Support: At Kinedo, we pride ourselves on delivering outstanding after-sales support to ensure your complete satisfaction.

Quick Response Time: Our dedicated customer service team answers your calls in an average of just four seconds. We understand your time is valuable and are here to assist you promptly.

Multichannel Support: Whether you prefer to contact us via phone, email, or website, our friendly and professional team is ready to help. We're committed to resolving your queries efficiently and effectively.

Top-Rated Service: Our commitment to excellence has earned us top ratings in customer satisfaction. We continuously strive to exceed your expectations and deliver the highest quality service.

- **98% First Call Resolution:** We resolve 98% of issues on the first call, ensuring you get the help you need without unnecessary delays.

- **Customer Satisfaction Rating:** We maintain a 95% customer satisfaction rating, reflecting our commitment to delivering exceptional service.

Personalised Aftercare: We don't just solve your problems; we follow up to ensure everything is perfect. Our personalised aftercare service guarantees that you are delighted with our solutions.

Authentic manufacturer spare parts

Genuine Parts Guaranteed: We provide only authentic manufacturer spare parts, ensuring the highest quality and compatibility with your products. This guarantees optimal performance and longevity.

Extensive Inventory: Our vast inventory of genuine spare parts means we can quickly supply the parts you need, minimising downtime and maintaining the efficiency of your products.

Trust and Reliability: With years of experience and a proven track record, you can trust Kinedo to provide reliable and effective after-sales support.

Experience the difference with Kinedo's top-tier after-sales service. We're here to support you every step of the way.

Kinedo - Committed to CSR

Reuse and recycle

The SFA Group are dedicated to Corporate Social Responsibility and from 2016 have pushed forward with a campaign not only to adhere to regulatory compliance but also to deliver on our plans to make changes within our group for the environment. We looked at all of our factories and offices to make changes to our daily practices to deliver our ambitious CSR plans and respond to challenges in Communication, HR and across the business as a whole.

Looking at our Aqua Production site in Nantes here are some of the actions we have taken:

Glass

An infinitely recyclable material. As a major element of our enclosure and cubicle manufacturing process, we optimise cutting and any scraps are sent to a recycling centre.

Water

We monitor and control the water consumption used in our processes, for example the water used in the process of glass machining (drilling and shaping) is reused several times, it is then purified. We ensure there is no polluted water discharged from the factory.

Aluminium

We use this raw material in the manufacture of our enclosures, cubicles and bath screens. We optimise cutting to reduce scraps and these are then sent to a recycling centre.

Energy

We are constantly looking at ways to reduce our energy consumption. From optimising processes, reducing waste, and using low consumption electrical equipment to name a few, this allows us to reduce our energy consumption per product manufactured. Another project we have completed is to ensure all our buildings have solar panels to help our energy consumption.

Logistics

We carefully choose our logistic partners based partly on their CSR commitments. We have a current project in place to gradually replace our service vehicles with electric vehicles.

Plastic

Plastic is used in the manufacture of some of our trays, any scraps are sent to a recycling centre. Our design team has an Eco-design approach and has already incorporated ceramic beads into our manufacturing processes in order to limit the use of resins and polyurethane.

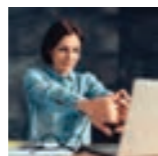

Packaging

Our packaging is designed to protect our products and needs to be robust to prevent breakages during transportation. We limit the weight of packaging to reduce our carbon footprint. We are working in partnership with our packaging suppliers to increase the use of recycled materials.

Waste

We are constantly looking at ways to improve our organisation in order to limit the production of waste. We have a recycling policy and work with a service provider to recycle as much as possible.

Social

Improving working conditions plays a huge part in our plans. With numerous investments in robots and technologies to make work life easier. Stretching exercises are encouraged during the work day to help provide comfort for our teams in both the production plants and in offices.

Since 2021, SFA has committed to the United Nations Global Compact **corporate responsibility initiative and its principles** regarding human rights, labour, environment, and anti-corruption efforts.

Cuttable

Our trays can be cut to allow you to create the perfect showering space. From uneven walls, to boxed pipework our cuttable trays are fit for anywhere.

Colours

We offer a range of colours to suit your bathroom, from white, black, grey, sable and anthracite there are several options for your shower tray.

Material

Our tray ranges are made from Biolex. An innovative material, Biolex is a mineral composite. It is made up of mineral (80%), acrylic resin and gel coat surface. This unique finish not only looks good but is also robust and resistant to damage.

Anti-slip

All our trays are PN24** rated so are safe for the whole family.

** PN24 is an equivalent test to DIN 51097 C

Kinemoon

The Kinemoon creates an out of this world showering experience. The textured tray is available in five colours and has a matching waste cover, helping you to create your perfect style whichever colour tray you choose.

- Available in 5 colours
- Finish: Moonstone look and texture
- Thickness: 26mm
- Shape: square and rectangle
- Colour co-ordinated square waste cover, central to the tray (24l/m)
- Made from Biolex, a mineral composite. It is made up of mineral (80%), acrylic resin and gel coat surface. This unique finish not only looks good but is also robust and resistant to damage
- Cuttable on four sides
- Versatile: can be placed on the floor, raised on feet or sunk into the floor for a flat wet room look
- Tray comes complete with:
 - Extra-flat waste
 - Metal waste cover to match your chosen tray colour
- Tested to PN24. Equivalent test to DIN 51097 C

SMART DESIGN	68 - 85

Anti-limescale

Our range of enclosures comes with our anti-limescale treatment. This minimises the build up of calcium deposits and dirt on the glass reducing the need to clean.

Easy access

Our enclosures can be used with shower trays or with wet room designs depending on your needs.

Easy maintenance

Our enclosures are designed with ease of maintenance in mind. With detachable rollers for easy cleaning and the anti-limescale on the glass to keep our enclosures looking as good as new.

10 year warranty

Every one of our cubicles comes with a warranty* of up to 10 years, fully backed by SFA Saniflo UK Ltd.

* For full warranty details, please visit kinedo.co.uk

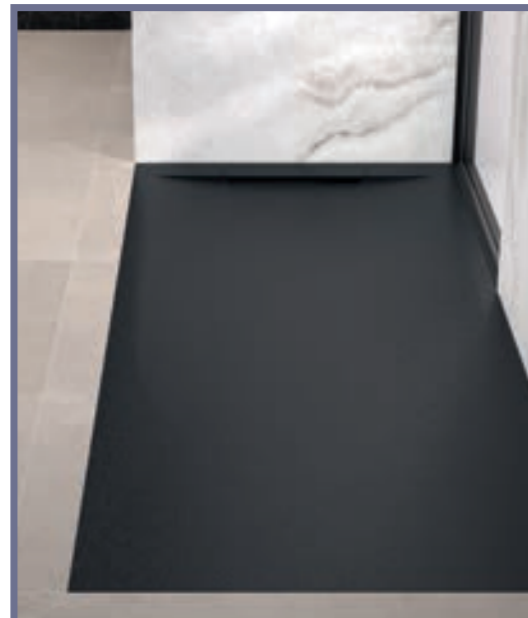

Alpha Solo

For simple clean lines the Alpha solo is perfect. This 10mm glass walk-in panel requires no reinforcement bar, so it creates the perfect minimalist look with this simple stunning design. For a simple, stylish, designer look walk-in space choose the Alpha Solo.

- Chrome aluminium profile
- Chrome cover strip at the bottom of the panel
- Anti-limescale treatment comes as standard
- 10mm glass
- 2 metres in height

Alpha Solo – chrome profile

Kinequartz Square

Neat square brackets on this walk-in panel create a light and bright showering area. Minimal profile showcases whichever of the 3 glass types you choose to it's full potential. Smoked mirror glass or the mirror strip creates a different look for a simple walk-in space.

- Wall fixing by brackets for a neat finish to your showering area
- 3 glass finishes to choose from:
 - Transparent
 - Smoked mirror
 - Glass with mirror strip
- 2 chrome reinforcement bars to choose from:
 - Straight reinforcement bar (1200mm max) that can be placed straight or diagonally
 - Floor to ceiling bar (2800mm max), if installing with a tray, the tray height should not exceed 180mm
- Optional chrome silicone strip at the bottom of the panel and against the wall
- A second wall panel can be added to a larger shower to reduce splashing

Smart Design sliding door with fixed side panel

Corner entry with two sliding doors

The Smart Design range offers innovative design for easy installation with a sleek modern look. This corner entry version comes with two sliding doors and with rollers that unclip at the bottom and no overlap between the door and fixed panel cleaning is easy to keep it looking as good as the day it was installed.

- Aluminium profile available in white, chrome or black finish
- Easy cleaning: The door and fixed panel do not overlap, plus the bottom of the door can be unclipped if necessary
- Optional threshold bar included
- Each side must be ordered separately as you can tailor this unit for different sized sides
- Comes with rollers already fitted for easy installation
- Anti-limescale treatment

Quadrant with pivot doors

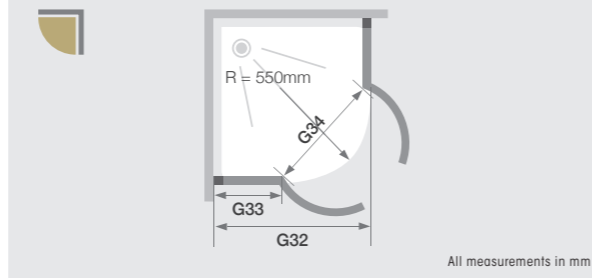

The Smart Design range offers an innovative design for easy installation but with slim profiles, slender handles and no visible screws it is also sleek and modern in design. This quadrant comes with two pivot doors that can open inwards or outwards so a great solution for a smaller bathroom.

- Aluminium profile available in white or chrome finish
- Pivot profiles allow the doors to open to 180° either inwards or outwards
- Chrome reinforcement brackets
- Optional threshold bar included
- Anti-limescale treatment

Silicone free

In the humid environment of the bathroom, silicone will deteriorate and discolour without constant maintenance. With Kinedo cubicles silicone is redundant – the wall panels of the product are cleverly designed to fit snugly within the shower tray.

No leaks

The precision involved with each cubicle's design allows water to simply run down the inside of the shower with no chance of escape. And as there is no need for tiling or grouting, your shower will stay looking as pristine as the day it was installed.

Anti-limescale

Most Kinedo cubicles are treated with a permanent, anti-limescale coating that minimises the build-up of calcium deposits and dirt on glass, reducing the need to clean. This transparent chemical treatment is resistant to hot water and UV rays, encouraging water to run off the glass without leaving streaks or water marks.

10 year warranty

Every one of our cubicles comes with a warranty* of up to 10 years, fully backed by SFA Saniflo UK Ltd.

* For full warranty details, please visit kinedo.co.uk

Brooklyn

The Brooklyn cubicle range has been designed to bring the industrial trend to life. Available in two options: the first creates the full industrial look with black profile and black lines on the glass, the second gives a modern twist with our grey profile and chrome shower.

Its clever design and quality fixtures mean assembly is quick and simple, without silicone and predominately without screws. This robust cubicle comes with pivot or sliding door, white Biocryl shower tray with chrome waste, metal handles and your choice of profile colour, shower and glass, so you can create the perfect look for your bathroom.

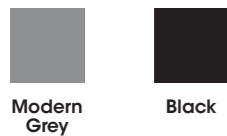

- Available in pivot door or sliding door
- White tray is 80mm and comes with chrome waste cover
- Cubicle is 2160mm high
- Back and side panels are white glass
- Quality metal handles and hinges
- Reversible panels for left or right installation
- Comes with shelf for storage
- Sliding doors have unclippable bottom rollers for easy cleaning
- Quick and easy to install with no silicone and no screws (except for wall mounting and accessories)

The Brooklyn cubicle comes with modern grey profiles with chrome shower, including thermostatic mixer valve, hand shower with anti-twist hose and overhead rain shower. This cubicle has transparent glass, its white tray has a chrome waste cover and the handles and hinges are metal. It comes with a storage shelf.

The Brooklyn Factory cubicle comes with modern black profiles with black shower, including thermostatic mixer valve, hand shower with two different spray patterns and anti-twist hose and overhead rain shower with two separate spray patterns. This cubicle has transparent glass with black silk-screen printed lines on the glass, its white tray has a chrome waste cover and the handles are black. It comes with a storage shelf.

*Quadrant comes only as Brooklyn cubicle in the grey and not as Brooklyn factory.

Kineprime Glass

Slotting a shower into an un-used space makes sense and the Kineprime Glass is perfect for a recess or a corner and comes in a choice of sizes to suit most situations.

The glass back and side panels make for a quicker solution than tiles and grout and as Kineprime glass comes in both quadrant and corner versions, with a choice of pivot, sliding or saloon doors, this adaptable design can provide a stunning look in the smaller bathroom. Since a thermostatic shower is included, there is nothing else to add.

Consort

Its simplicity of design, ease of installation and low maintenance, makes the Consort shower cubicle a winner for both domestic and commercial bathrooms.

Ideal for use in public buildings such as gyms, or for welfare units, the Consort can be fitted with your own choice of electric or mixer shower control and has inward opening saloon style styrene doors for maximum space efficiency in the bathroom. This cubicle is great for commercial applications where multi-installations are needed.

A new 900x900 consort has been added to the range. It comes with a manual shower valve already in place but this can be switched out if needed.

- All-in-one shower cubicle
- White profile and Styrene doors
- Saloon doors
- No shower included in 700 and 800
- Mechanical valve included in 900 version
- No silicone needed

Kinemagic Design

Sleek, opaque, white glass panels and a transparent glass front with anodised finish means the Kinemagic Design is in a class of its own.

With a low height tray, thermostatic valve and range of sizes the Kinemagic Design can fit in most bathrooms. The clever construction of all the Kinemagic range enables it to be fitted in just one day with no mess or fuss and no re-tiling. Making our Kinemagic range one of most stylish, practical, versatile and most popular range of showers.

- 38mm shower tray threshold for easy entry
- Stylish thermostatic valve with integrated glass shelf
- Drenching overhead rain shower
- Unique, adjustable feet for unbreachable and uneven floors
- White opaque glass panels with transparent glass door and side panel (if corner) complete the stylish look of this shower cubicle

Kinemagic Serenity

The Kinemagic Serenity has been cleverly designed with all of the family in mind, it also gives peace of mind for those who seek that extra bit of safety in the shower.

This high quality, all-in-one shower cubicle has been designed to fit in exactly the same space as your old bath and with integrated thermostatic shower control, a comfortable fold-down seat that takes up to 150kg, anti-slip flooring and secure grab bars, it gives a luxury feel whilst providing reassurance and comfort.

- 38mm shower tray threshold for easy entry
- Thermostatic shower with ergonomic controls
- Two grab bars included
- Anti-slip shower tray
- Fold down seat
- Unique, adjustable feet for unbreachable and uneven floors
- Serenity + version is available with additional grab bar, please speak to a Kinedo sales representative for further information

Shower included

Modulo

The complete bathroom solution. Modulo allows you to install a bathroom easily without major work and considerably reducing installation time and costs.

The modulo is an all in one bathroom that can be added into a room as long as there is small bore pipework and electricity you can add an en-suite in a couple of days!

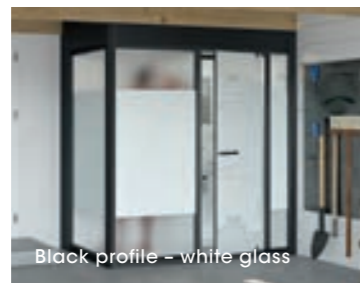

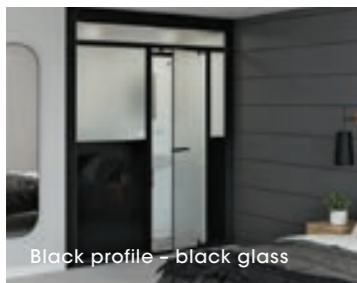

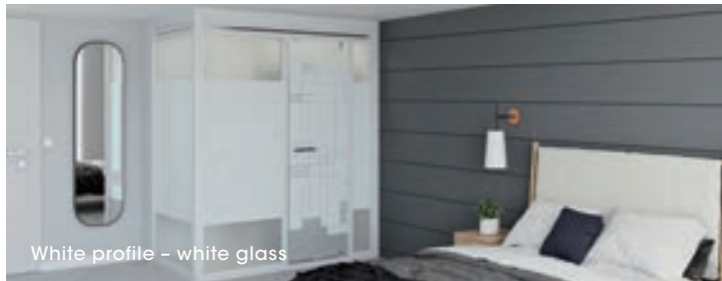

With different profile and glass options you can tailor the Modulo for your needs. Its black or white design create a modern space that fits in with any decor.

With a shower and basin you can create a new bathroom in a space 170cm x 102cm or with a WC included in a space 200cm by 102cm. Modulo can add an en-suite transforming a room and adding value to your property.

Shower + handbasin

- Self-supporting platform in Biocryl on height-adjustable feet, with finishing plinths
- Opaque white glass back panels
- White honeycomb polypropylene ceiling with 2 integrated LED spotlights
- Fully equipped with mirror, glass shelves, towel hook, ventilation grill, 220 V socket, floor mat

Kineduo

The Kineduo offers you the best of both worlds, packed full of practical features designed to make bathing and showering a pleasure.

With its simple step-in access using a hinged, toughened safety glass door, the Kineduo is equally appealing to able-bodied and less able users as it makes taking a bath or shower easy and trouble-free.

The Kineduo can replace any existing bath regardless of positioning within the bathroom. With optional extras such as the end glass shower panel you can position the shower where you want it, so you can still have a shower bath even if your bathroom has a window or is in the eaves.

With white glass bath panels, the Kineduo can fit into any colour scheme and really creates a premium feel whilst still being designed to be inclusive for all the family. With a grab bar for the screen and a seat, the Kineduo can be tailored to your individual needs, without losing its style.

As standard the Kineduo is supplied with a toughened safety glass door, a cushioned headrest and pop up plug. Then just add the optional extras you want to make this unique to your home. You can now achieve luxury and convenience at an affordable price with Kineduo.

- Combined shower bath with glass door for easy access
- Different combinations possible to configure the bath to exactly what you need
- Head rest included as standard
- Different shower and tap combinations available

Minerals & Metals

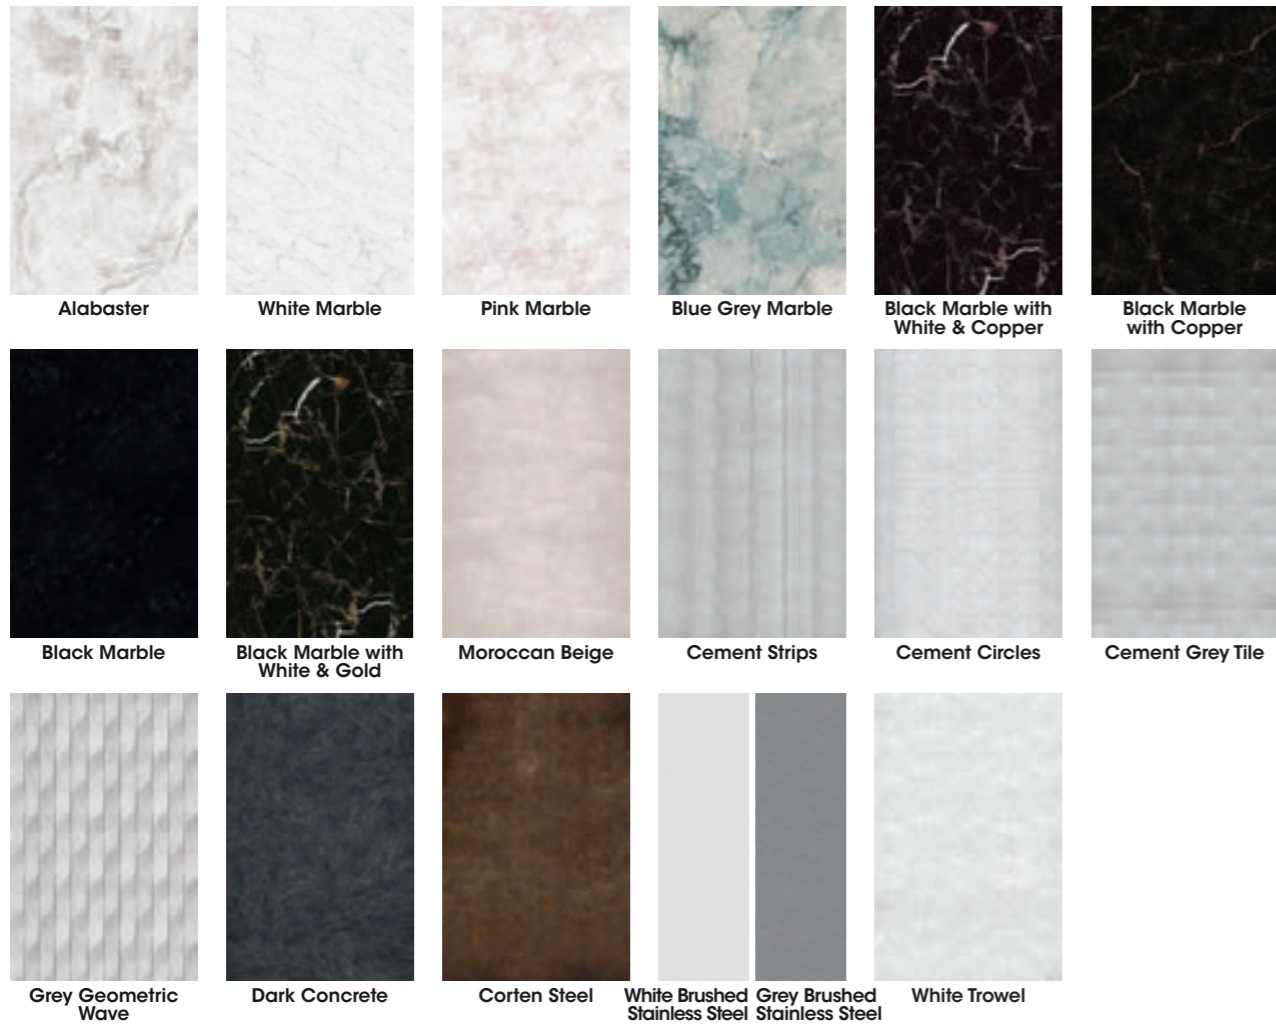

Create the perfect New York loft look by mixing raw materials such as concrete and cement with mineral or metallic elements.

Add in the elegance of marble and a touch of gold or copper to the white, black and grey colour pallet and you can create this look.

You can also add your own elements such as a splash of colour to this trend to create a bespoke designer loft look.

Colours

Features

KINWALLAIM01	KINWALLBAND01	To attach 2 Kinewall panels side-by-side, without a H shaped profile.			
		Metal Strip dimensions: 75 x 2510mm.			

Your choice installation

With profiles

- Inside corner profile - L shaped

- Outside corner profile - L shaped

- U shaped profile for panel ends

- H shaped profile for mounting 2 panels together

Profile colours

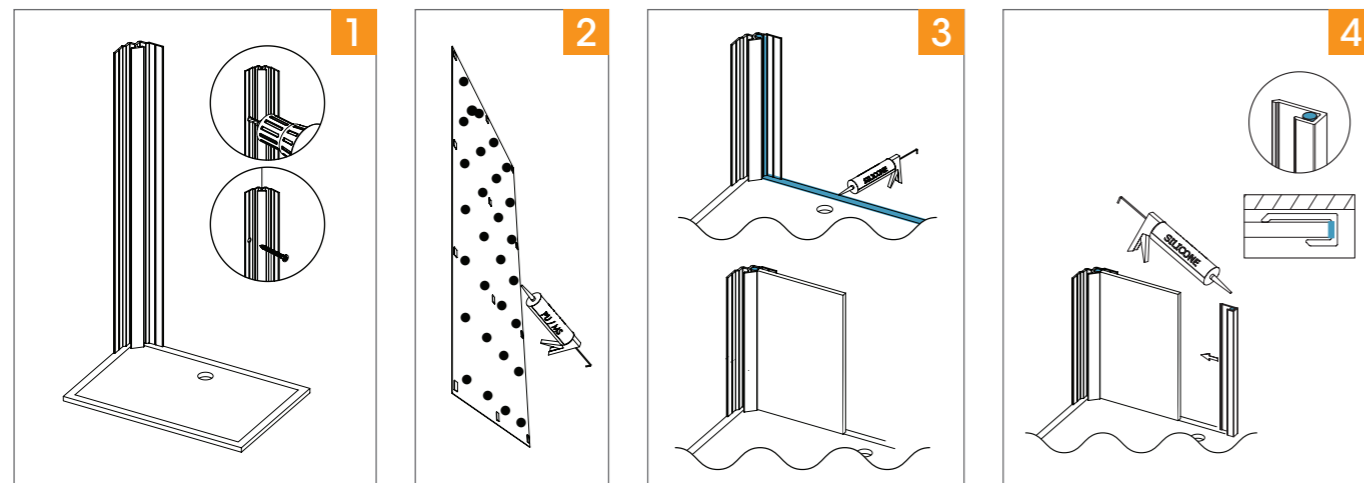

Chrome

White

Black

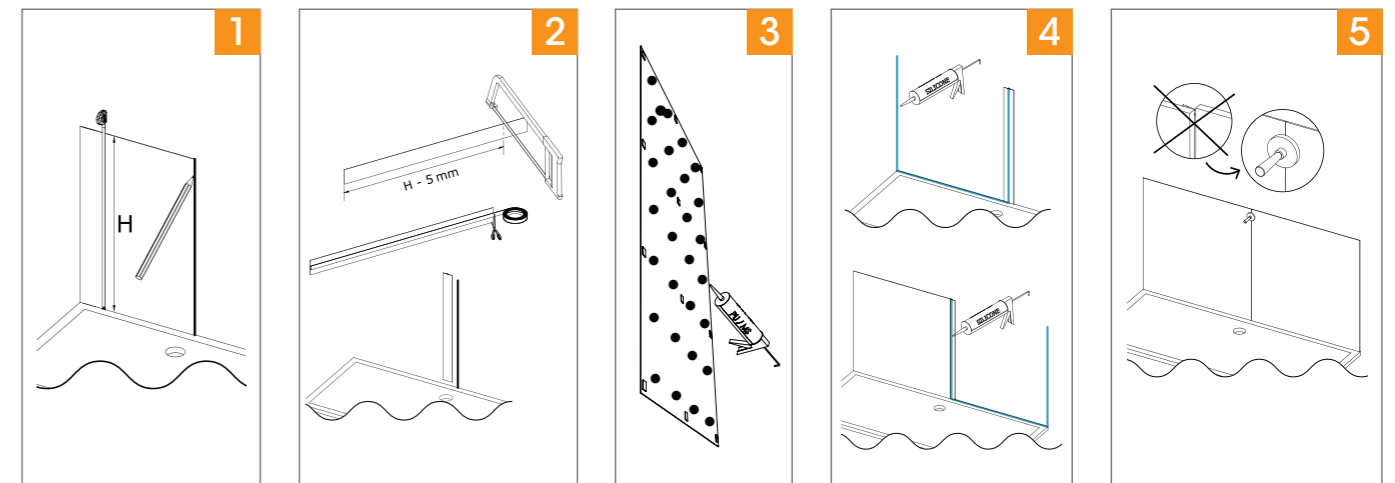

- 1 Screw the corner profile to the wall
- 2 Put the adhesive on the back of the panel then attach the PU or MS polymer glue pads
- 3 Silicone the inside of the corner profile as well as the edge of the tray then insert the panel which has already been cut or drilled to size as needed
- 4 Silicone the end profile then slide it onto the panel

Repeat steps 2 - 3 and 4 for the second side then finish with an end profile on the final panel

Without profiles

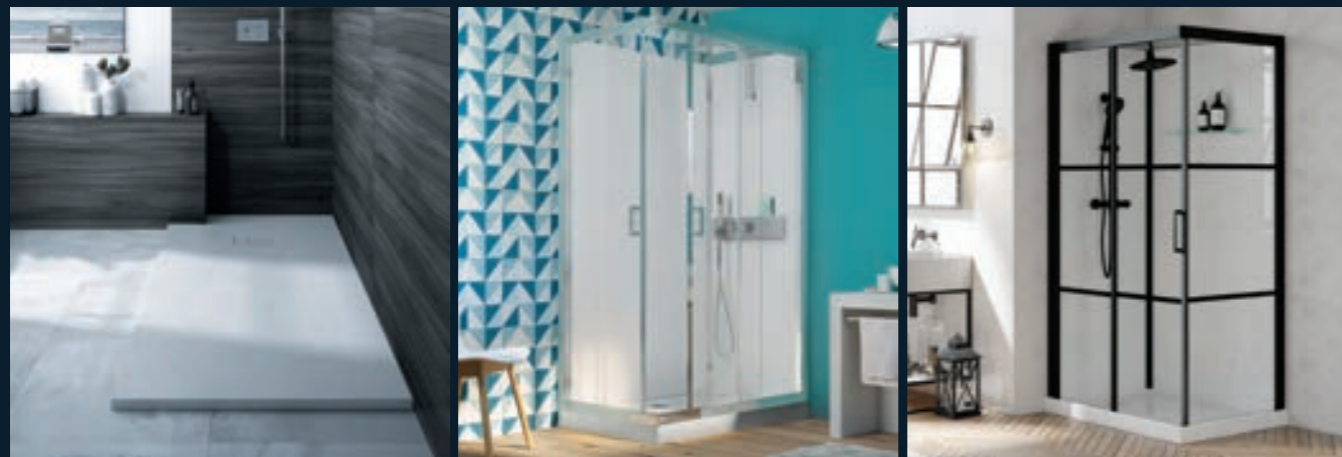

- Metal strip for mounting 2 panels together without profile
- Kit (magnet) for use with metal strip

- 1 Present the panel, measure the total height and make a mark at the right end of the panel
- 2 Cut the metal strip, subtracting 5mm from the measurement made above. Position the adhesive on the back and stick the strip to the wall
- 3 Put the adhesive on the back of the panel then attach the PU or MS polymer glue pads
- 4 Silicone the corner of the wall, the middle of the metal strip as well as the edge of the tray then insert the panel which has already been cut or drilled as needed. Repeat for the second panel
- 5 Use the magnet to help align the panels perfectly

Profile can be used on the final panel to finish the look
